WHO? ARE USE IN?

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using 'Lorem ipsum' is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English. A screenshot of the Duolingo website. The top navigation bar includes "Subject" with a dropdown arrow, a magnifying glass search icon, and "Sign in / Sign up". The main visual is a blurred background image of a person working at a computer keyboard. In the center, there is a large, stylized logo featuring a yellow heart above an open book with white wavy lines. Below the book, the word "Duolingo" is written in its signature font. Three orange rounded rectangular buttons are positioned below the logo: "Start learning now", "Teacher, start hear", and "Parents, start hear".
